

BIOGRAPHY KAPIBARA

KAPIBARA (NL)

(Labyrinth Club, Extrema Outdoor Belgium)

Hailing from the Amazone riverbanks in South-Americia but stationed in the South of the Netherlands: meet Kapibara. This semi aquatic trio is known to infuse their cultural heritage when creating electronic dance music in the studio together.

Kapibara's signature sound floats somewhere in between deephouse and techno. Converging feeling and emotion into a pallet of natural grooves. These chameleons bring great adaptability to their sets and as a resident of the infamous Labyrinth club and hoster of Taka Tuka, they have the perfect homebase to do so.

(upcoming) Releases on Chapter 24 Records, Click Records, Constant Circles, Comport Records, Exotic Refreshment and Musica Autonomica.
